Councilman Owen Wanted the Franchise Changed.

SEVEN INSTEAD OF TWELVE

Was the Number of Instruments He Wanted the Company To Give, and An Amended Ordinance Will Be Introduced. A Bill To Pay City Officials' Salaries. How Much They Are To Get—Council Did Some Business Last Night.

It was so cold in the council chamber last night that the city legislators were compelled to wear their overcoats, but that did not prevent them from transacting business.

Mr. Purinton objected to a statement in the minutes, and it was made to read that Chief Wyman had been elected deputy marshal. The ordinance for the improvement of Waterloo road was given the third reading, and a petition for the reduction of wharfage, because railroad competition was so keen, was signed by Charles Jutte, the Enterprise Coal company and the East Liverpool Co. I company and received. They wanted it changed from \$100 to the former rate of \$25. It was handed over to the wharf committee. Finance committee reported that \$1,762.41 had been collected from residents on Elm street and Lincoln avenue for the improvement, that \$4,412 in bonds had been sold and notes amounting to \$6,782 had been lifted. Chief Adams had a good report, in which he recommended the purchase of rubber suits for the firemen. Commissioner Welsh reported that his force had been cutting ice from the streets and doing general work. The treasurer's report showed the funds as follows: General, \$1,359.54; street, \$1,346.22; wharf, \$138.43; fire, \$3,168.21; police, \$1,108.46; light, \$1,634.84; sinking, \$8,179; interest, \$1,942.03; sanitary, \$340.91; bridge, \$721.65. Mayor Gilbert showed he had collected \$100.46 from fines.

Solicitor Clark at this point handed in an opinion regarding trials before the mayor. He explained that he had been asked for it by Mr. Stewart, and he had looked into the law. He found anyone might make complaint if he so desired, but he was compelled to insure the costs in the case. Mr. Stewart thought the opinion should be handed to the police, remarking: "It is time we call a halt on this thing. Persons outside have taken upon themselves the duties of the police, and I think the police are competent to look after these matters." The communication was received, and the pay ordinance taken up.

Mr. Peake wanted to know why Doctor Orden was allowed \$15 a day, and thought it would be a good idea to discharge the board of health. He also asked why the fire department had an extra bill, and Chief Adams explained that two men had been guarding the Rinehart ruins all night. Mr. Owen defended the chief, and thought he deserved credit. "I don't think it proper to even question the bill in a matter of this kind," he said. Mr. Peake reported that he had heard of firemen who had said they would not allow their clothes to get wet in a recent West End fire, and the chief demanded the names, with the assertion that he would discharge the men if it was true. Mr. Peake did not give the names, and the pay ordinance passed.

A bill of \$50 from Judge P. M. Smith for preparing the Billingsley cases went to the solicitor, and the walk on Trentvale street was referred to street committee because they may find it better to lay bricks instead of boards. An ordinance to improve Fenton street was presented, as was an ordinance to improve Nemo and Peach Tree alleys.

Then came the next important event. It was an ordinance giving city officials salaries, and doing away with the fee system. By the bill the mayor is to get \$1200, clerk \$600, commissioner \$600, marshal and solicitor \$800. No salary was fixed for the engineer, but he is expected to come under the same rule. Mr. Stewart moved that it go to finance committee and suggested that some action be taken at once. This would let the people who want to run for office know what they will get. He said he would call it up for third reading at the next meeting.

Mr. Owen thought there should be a change in the franchise of the Phoenix company whereby they would give seven instead of 12 phones, and Cleak Hanley expressed the opinion that it was no use to amend, as he did not believe the company was in existence. Mr. Owen, however, maintained his position on the ground that it was a good thing for the taxpayer, and seven telephones were enough for the city. They haven't taken steps to build, he said, because we have asked something outrageous.

"I don't think we should back down one step," said Mr. Purinton. "This company are not coming for any charity they feel for the town. A dozen telephones are little enough to ask. There is no reason why we should give away a valuable franchise because some other council has done it. This thing of the city giving corporations great advantage for nothing is dying out. Is this council going to flop every night? That amendment was put in for a purpose. Any company that can't afford to give us 12 telephones had better stay out. Instead of being a hardship it will benefit them."

"What Mr. Purinton says is true in regard to the company being able to give 12 telephones," said Mr. Owen, "but we don't want to keep them out. If these people come in here and save money for taxpayers they are a benefit. I am not speaking for the company, but for the people. I find I made a mistake when I voted for 12 telephones."

"In making this motion I spoke for the interest of the city," said Mr. Stewart. "I think it a good idea to have competition for the Bell company, and a good plan to let the Phoenix in with seven."

"I don't think the company have made an objection," remarked Mr. Challis.

"Well, I can't tell why they haven't brought it before council," replied Mr. Owen, "but I think it would be doing the business men of the city an injustice to shut them out."

"If we are injuring the company why are they not in here kicking. If a company is going to stay out on 12 they will not come in for five less," came from Mr. Purinton.

"They will come in and give the city seven free phones, but they will not give 12," said Mr. Owen positively.

The vote was then taken on the amendment, and Kent, Horwell, Marshall, Stewart and Owen voted yes.

"I rise to a point of order," calmly said Mr. Purinton. "You can't amend an ordinance without a new ordinance taking its place."

This declaration brought on a lively exchange of words and opinions in which several members joined, and ended with a motion that the solicitor be instructed to draw up an ordinance.

James N. Smith has a building he wants to sell to the city for \$800 as a fire station and Reverend Taggart also has one. The matter was left to fire committee, and a letter was read from D. C. Crease, of Sewickley, who wanted \$25 for a broken wagon sustained near the power house. Crease was evidently in ignorance of the official position of Solicitor Clark, and wrote him all about it. Mr. Clark will think it over. William Cuthbert, a kilnhand at the West End pottery, was appointed to a place on the board of improvements, and Mr. Purinton moved the confirmation. President Marshall thought council should be careful who was appointed, but there were so many good words from Members Purinton, Owen and Kent that the vote carried.

Although Engineer George has been in office almost two years he was never confirmed, and a motion to that effect was passed. The bond of Chief Wyman, with the names of George Murphy and George Morton attached, was accepted, the president voting no because the deputy marshal was not asked for bond. Mr. Challis wanted to do some fixing on the road at the power house, but the president told him nothing could be done there. On motion of Mr. Stewart it was decided to insure the fire station, and Mr. Peake wanted the California road established, but sat down when Mr. Purinton explained that it had been done.

"For two months we have been hearing of the East End fire department, but I want to say that if there was a fire up there tonight we couldn't use that apparatus again. We have no road to get out the ladder truck, and motormen on the street car line have been kind enough to hitch it to a car. The only fire in East End put out by the department was a stable, and it was put out after it had burned down."

Horwell—"Mr. Kent and I looked at it on Saturday, and the equipment certainly needs improvement."

"We pulled that apparatus around this town, and when we asked \$50, they knocked us out," said Mr. Challis.

"Take up a temporary truck," said Mr. Stewart, "we have a lighter one."

It went to the fire committee, "I move you," said Mr. Purinton, that H. M. Deidrick, lineman, be dropped from the pay roll. The time when he could give us \$25 a month of work is passed. Pay for it by day wages. For the past two months there has been only two days work a month. The telephone linemen only get \$65 a month."

WM. G. HUCKLE RESIGNS

He Gave It To The League Yesterday Afternoon.

IT MAY NOT BE PERMANENT

The Meeting Was Well Attended, and Other Business Was Transacted the Nature of Which Is Not Given Out—No Explanation From the Detective.

The last move of the Law and Order league was made at a meeting yesterday afternoon, when the resignation of William G. Huckle was tendered and accepted.

The meeting was largely attended, the ministers and other interested parties being present. The resignation of the detective was not unexpected, and there was no stir when he presented the following:

To the Good Citizens league—Owing to unavoidable circumstances I find it expedient to sever my connection with the league for the present, and I therefore tender my resignation, to take place on Jan. 20, 1896.

Respectfully,
WILLIAM G. HUCKLE.

The resignation was accepted without much debate, and a vote of thanks was unanimously passed. He was thanked for the good he has done under the direction and as the representation of the league, and his efforts for social purity were heartily endorsed. The remainder of the afternoon was spent by the executive committee in formulating plans for the future. They will carry on the work as in the past, with the exception that it will be carried on in a more extensive manner. Of course the plans are not being made public, but are being carefully kept in the minds of leading members of the society. They tell no one of what they expect to do, nor is it at all likely that they will. The only report they would give out was that they propose to push along on the same line, improve the morals of the city, see that every public official does his duty, and stand by the platform of principles already prepared. The results, they say, will show for themselves.

HE WAS A VETERAN.

James Mears Died Last Night After an Eventful Career.

James Mears died at his home on Fourth street last night, aged 77 years. He has been suffering from asthma, and was sitting in his chair when seized with pain at his heart. In a few minutes he was dead. Deceased leaves a widow and two sons, who are grown to manhood. He was a veteran of the late war, and was a good soldier. When yet a young man he enlisted under the banner of Gen. John C. Fremont, and followed that sturdy old warrior in his campaigns in the west. He was present at the Mountain Meadow massacre, and fought in many battles with the Indians. At the breaking out of the Rebellion Mr. Mears was a soldier in the command of General Lyon, and passed through the stirring times which marked the history of Missouri in the early years of the war. He fought bravely, and when the war ended settled down to private life. Deceased was a charter member of Peabody lodge, K. of P. and a member of the Grand Army. No arrangements have been made for the funeral.

AT THE ROOT OF THE EVIL.

Repairs to be Made at Central School Building.

When Architect Owsley was in town the other day he searched diligently for the defect in the heating and ventilating system at the Fourth street school, and believes he has found the root of the evil. In the search some plastering was knocked down, which allowed the cold air to rush in and made life so miserable at three rooms that they were dismissed yesterday until repairs could be made. The plasterer should have done it before that time, but it was delayed for some unknown reason.

NO TOBACCO.

The Street Car People Complain of Some Men.

The street car men are complaining bitterly of a certain class of men who insist in placing their feet on the cushions and spitting tobacco juice on the floor. The filthy habit often causes damage to the skirts of lady passengers and frequently causes other passengers to leave cars in disgust. If the practice is continued the company will see if there is not a remedy in police court, believing that an example or two will be the best preventative.

INCREASING THE PLANT.

Improvements Are Being Made at the Akron Pottery.

The owners of the Akron pottery have discovered that the plant is too small for their purpose, and the contract is being let for two large kilns for decorated ware. One of the kilns for white ware will be enlarged and rebuilt, affording the company more capacity. The concern has recently captured some good contracts.

Coming Home.

Adam Goppert will return from Allegheny this evening with his bride. A reception will be tendered the happy pair at the home prepared by the groom on Thompson hill, by his many friends.

Place for Four Sleepers Reserved at St. Louis for Liverpool.

Mr. McWatters, district passenger agent of the Pennsylvania company, has written from Pittsburgh that he has received word from St. Louis, and Passenger Agent Brunner has reserved exceptionally fine track room for the four sleepers in which the McKinley club of this city will travel.

Mr. McWatters will be here next week and will spend a day in the city, and it is essential that people who expect to make the trip hand their names at once to the committee or to Agent Adam Hill. Until an approximate of the number is made the company can not make a rate.

NO DETAILS.

But the Story Is That Col. Tobe Blumenthal Is Dead.

The story was in circulation today that Colonel Blumenthal, the well known traveler for the Standard, was dead in Cuba, having been killed by the insurgents at a small village a few miles from Havana. At the Standard it was learned the colonel had left their employ a few months ago, and the last heard from him was in Texas in November. Later they heard a rumor that he had gone to Cuba, but beyond that knew nothing. It is sincerely hoped there is nothing in the story for the jovial colonel has very many friends who would learn with sorrow that any serious mishap has befallen him. It is not at all unlikely that he is in Cuba, for he has made several visits there, and always had a love for the island. The story is said to have come from a crockery buyer who was in town yesterday.

A UNION STAND.

The Printers Have an Idea About Candidates Cards.

A special meeting of the Typographical union was held last evening to discuss the matter of the union label on cards of candidates for county and city offices. It was the sense of the meeting that all candidates desiring to show a kindly feeling toward union labor would demonstrate it by patronizing union offices, and those candidates with cards printed at union offices without the label can have it placed on them at small cost. The union offices in the county are the News Review, Crisis, Unionist, Wellsville Standard, Lisbon Patriot, Willis Nichols, E. C. Hood.

WHIPPED HIS WIFE.

Mayor Gilbert May Send Him to the Works.

John Brick, residing on Grant street, went home last night howling drunk, and displayed his brutality by whipping his wife. She was given a thrashing and then the man turned his attention to his child who was also brutally treated. Officer Whan made the arrest, but the wife would not put in a charge against him. The mayor, however, fined him \$10 and costs for being drunk and disorderly, and emphasized the demand for payment with the remark that it would give him great pleasure to send Brick to the workhouse if the fine was not paid.

A BIG DEAL IS ON

The Railroad After the Metsch Property.

WANT FIFTY THOUSAND DOLLARS

The Pennsylvania Desires the Ground, but Thinks the Price Is Big—Other Parties Are After It—Mr. Metsch Will Sell if He Gets His Price—Other Property.

For some reason which the officials see fit to keep safe under their hats the Pennsylvania company went to buy land in this city.

The deal for the Baudy property was closed as stated in this paper, the price paid being \$3,900. Now the officers are after the land and buildings of Christian Metsch, and it is possible that they will be successful. To a reporter this afternoon Mr. Metsch said that he had been approached by officials of the Cleveland & Pittsburgh and by outside parties whom he does not know. When asked what he would take for the property he told them they could have it for \$50,000. They promised to take it under consideration, and will let Mr. Metsch know in a few days whether they will buy. A number of gentlemen were in town last week looking over the property, and one was here this morning. They were reticent and refused to divulge their business or tell from where they came. All they wanted to know was what the gentleman would take for his land. The company are cramped for room here and the advantages that would follow the acquisition of the land are apparent. There are stories and stories of the company's agents attempting to buy other ground along the river front, but when investigated they usually prove to contain no foundation. It is evident, however, that the railroad people are contemplating some big move at this point.

Horwell—"Mr. Kent and I looked at it on Saturday, and the equipment certainly needs improvement."

"We pulled that apparatus around this town, and when we asked \$50, they knocked us out," said Mr. Challis.

"Take up a temporary truck," said Mr. Stewart, "we have a lighter one." It went to the fire committee.

"I move you," said Mr. Purinton, that J. H. M. Deldrick, lineman, be dropped from the pay roll. The time when he could give us \$25 a month of work is passed. Pay for it by day wages. For the past two months there has been only two days work a month. The telephone linemen only get \$65 a month."

WM. G. HUCKLE RESIGNS

He Gave It To the League Yesterday Afternoon.

IT MAY NOT BE PERMANENT

The Meeting Was Well Attended, and Other Business Was Transacted the Nature of Which Is Not Given Out—No Explanation From the Detective.

The last move of the Law and Order league was made at a meeting yesterday afternoon, when the resignation of William G. Huckle was tendered and accepted.

The meeting was largely attended, the ministers and other interested parties being present. The resignation of the detective was not unexpected, and there was no stir when he presented the following:

To the Good Citizens league—Owing to unavoidable circumstances I find it expedient to sever my connection with the league for the present, and I therefore tender my resignation, to take place on Jan. 20, 1896.

Respectfully,
WILLIAM G. HUCKLE.

The resignation was accepted without much debate, and a vote of thanks was unanimously passed. He was thanked for the good he has done under the direction and as the representation of the league, and his efforts for social purity were heartily endorsed. The remainder of the afternoon was spent by the executive committee in formulating plans for the future. They will carry on the work as in the past, with the exception that it will be carried on in a more extensive manner. Of course the plans are not being made public, but are being carefully kept in the minds of leading members of the society. They tell no one of what they expect to do, nor is it at all likely that they will. The only report they would give out was that they propose to push along on the same line, improve the morals of the city, see that every public official does his duty, and stand by the platform of principles already prepared. The results, they say, will show for themselves.

HE WAS A VETERAN.

James Mears Died Last Night After an Eventful Career.

James Mears died at his home on Fourth street last night, aged 77 years. He has been suffering from asthma, and was sitting in his chair when seized with pain at his heart. In a few minutes he was dead. Deceased leaves a widow and two sons, who are grown to manhood. He was a veteran of the late war, and was a good soldier. When yet a young man he enlisted under the banner of Gen. John C. Fremont, and followed that sturdy old warrior in his campaigns in the west. He was present at the Mountain Meadow massacre, and fought in many battles with the Indians. At the breaking out of the Rebellion Mr. Mears was a soldier in the command of General Lyon, and passed through the stirring times which marked the history of Missouri in the early years of the war. He fought bravely, and when the war ended settled down to private life. Deceased was a charter member of Peabody lodge, K. of P. and a member of the Grand Army. No arrangements have been made for the funeral.

AT THE ROOT OF THE EVIL.

Repairs to be Made at Central School Building.

When Architect Owsley was in town the other day he searched diligently for the defect in the heating and ventilating system at the Fourth street school, and believes he has found the root of the evil. In the search some plastering was knocked down, which allowed the cold air to rush in and made life so miserable at three rooms that they were dismissed yesterday until repairs could be made. The plasterer should have done it before that time, but it was delayed for some unknown reason.

NO TOBACCO.

The Street Car People Complain of Some Men.

The street car men are complaining bitterly of a certain class of men who insist in placing their feet on the cushions and spitting tobacco juice on the floor. The filthy habit often causes damage to the skirts of lady passengers and frequently causes other passengers to leave cars in disgust. If the practice is continued the company will see if there is not a remedy in police court, believing that an example or two will be the best preventive.

INCREASING THE PLANT.

Improvements Are Being Made at the Akron Pottery.

The owners of the Akron pottery have discovered that the plant is "too small for their purpose, and the contract is being let for two large kilns for decorated ware. One of the kilns for white ware will be enlarged and rebuilt, affording the company more capacity. The concern has recently captured some good contracts.

Coming Home.

Adam Goppert will return from Allegheny this evening with his bride. A reception will be tendered the happy pair at the home prepared by the groom on Thompson hill, by his many friends.

Mr. McWatters, district passenger agent of the Pennsylvania company, has written from Pittsburgh that he has received word from St. Louis, and Passenger Agent Brunner has reserved exceptionally fine track room for the four sleepers in which the McKinley club of this city will travel.

Mr. McWatters will be here next week and will spend a day in the city, and it is essential that people who expect to make the trip hand their names at once to the committee or to Agent Adam Hill. Until an approximate of the number is made the company can not make a rate.

NO DETAILS.

But the Story Is That Col. Tobe Blumenthal Is Dead.

The story was in circulation today that Colonel Blumenthal, the well known traveler for the Standard, was dead in Cuba, having been killed by the insurgents at a small village a few miles from Havana. At the Standard it was learned the colonel had left their employ a few months ago, and the last heard from him was in Texas in November. Later they heard a rumor that he had gone to Cuba, but beyond that knew nothing. It is sincerely hoped there is nothing in the story for the jovial colonel has very many friends who would learn with sorrow that any serious mishap has befallen him. It is not at all unlikely that he is in Cuba, for he has made several visits there, and always had a love for the island. The story is said to have come from a crockery buyer who was in town yesterday.

A UNION STAND.

The Printers Have an Idea About Candidates Cards.

A special meeting of the Typographical union was held last evening to discuss the matter of the union label on cards of candidates for county and city offices. It was the sense of the meeting that all candidates desiring to show a kindly feeling toward union labor would demonstrate it by patronizing union offices, and those candidates with cards printed at union offices without the label can have it placed on them at small cost. The union offices in the county are the News Review, Crisis, Unionist, Wellsville Standard, Lisbon Patriot, Willis Nichols, E. C. Hood.

WHIPPED HIS WIFE.

Mayor Gilbert May Send Him to the Works.

John Brick, residing on Grant street, went home last night howling drunk, and displayed his brutality by whipping his wife. She was given a thrashing and then the man turned his attention to his child who was also brutally treated. Officer Whan made the arrest, but the wife would not put in a charge against him. The mayor, however, fined him \$10 and costs for being drunk and disorderly, and emphasized the demand for payment with the remark that it would give him great pleasure to send Brick to the workhouse if the fine was not paid.

DIDN'T PAY THE TAX.

Saloonist Sullivan Shut His Place Yesterday.

Sheriff Gill went to Lisbon yesterday afternoon, but before leaving town called on William Sullivan at his saloon on Sixth street and ordered the doors closed. Sullivan had neglected the formality of paying the Dow tax, and as that is an important item in the business the sheriff ordered the saloon to discontinue business. It is not known whether he will open the place again.

A CLOSE SHAVE.

George Bettridge Had a Narrow Escape Today.

George Bettridge, the young man who drives a wagon for T. B. Murphy, came near being killed at the point where the Horn switch crosses Walnut street. The pony was backing a long train, and Bettridge did not see his danger until it was almost too late. Then he urged his horse forward, and escaped by not more than a foot or two.

EAST LIVERPOOL, O., WEDNESDAY, JAN. 14.

For President, WILLIAM MCKINLEY, OF OHIO.

PUSH that plan to have an East Liverpool delegation at St. Louis. Let William McKinley know that his friends are with him.

REPORTS from Washington this week prompt the belief that President Cleveland is doing in the White House, senators are lounging at home, and congressmen are looking over the city.

THERE is no fear that any great degree of bitterness will find its way into the local campaign. All the candidates are honorable men with honorable intentions, and there is no excuse for dirty politics.

THE move for penny postage is well started again, and we can not but hope that it will succeed. There is more than enough room for reform in the abuses of second class mail matter to make cheap letter postage a success if the proper restrictions are placed where they belong.

BUSHNELL ON MCKINLEY.

The Cleveland Leader is one of Governor McKinley's best friends, and finds in the following, taken from the inaugural address of General Bushnell, good things:

"Ohio has been honored by him, even as he has been honored by Ohio. May his destiny lead him to the pathway where he can give for the whole American people the same excellent service he has bestowed upon his fellow citizens of Ohio. May he enjoy the full reward of his labors and of his life, and may all his days be those of prosperity and peace. I thank him for his courtesy and kindness to me, for his good wishes for my successful work in your behalf, and for the honorable record he has given for my emulation."

The Leader points that these words, from a man who was declared to be Governor McKinley's enemy, mean there is nothing in the story, and the Leader is right.

ANOTHER CHILD ILL.

The Craig Family Have Another Case of Diphtheria.

The afflicted family of Patrick Craig in West-End have another affliction to suffer. This time it is another case of diphtheria, it having developed yesterday. The second death has occurred within a week, but the child last seized is not very ill, and hopes are entertained for its recovery.

The Black Crook.

The Black Crook at the Grand tomorrow evening will be one of the events of the season. It is superb and elegant, and presents a beautiful sight. The allegorical ballets are all gorgeous, and those with an illustrative significance are most entertaining. The European specialties are novel, and in point of true excellence outranks anything ever seen in the city. The whole company will be here in all its regal splendor, and deserves a big audience.

Carlton Cornwell, foreman of the Gazette, Middletown, N. J., believes that Chamberlain's Cough Remedy should be in every home. He used it for a cold and it effected a speedy cure. He says: "It is indeed a grand remedy. I can recommend to all. I have also seen it used for whooping cough, and with the best results." Twenty-five and 50 cent bottles for sale by A. H. Bulger, druggist.

Many stubborn and aggravating cases of rheumatism that were believed to be incurable and accepted as life legacies, have yielded to Chamberlain's Pain Balm, much to the surprise and gratification of the sufferers. One application will relieve the pain and suffering and its continued use insures an effectual cure. For sale by A. H. Bulger, druggist.

JOSEPH BROS.

CLARA BARTON'S ACTS

Displeasing, So the Turkish Minister Says.

SCORED THE TURKS IN PUBLIC.

When the Offer of Aid to the Armenians, Who Are in Rebellion Against the Turkish Government, is Wrong—Other Arguments Advanced.

WASHINGTON, Jan. 15.—The Turkish minister said, when asked about the following statement: "The Red Cross society has decided not to pay any attention to the communication until it is officially transmitted to it by the Turkish government or the Turkish minister."

"The Red Cross society has never communicated with this league. It has only communicated, to my knowledge, with the press and the public, its president, Miss Clara Barton, assisting, without protest, at public meetings, where the most gross and unjust abuse was made of the Turkish government, religion and race. As the Red Cross, or any of its representatives, never visited this league, it is clear and logical that this league has nothing to communicate to said society. This league sent its communication to the press, because it is the public that the Red Cross took in its confidence. But, naturally, I will always be ready and pleased to give to the Red Cross society any explanation it may think it proper to ask for."

"This whole question," added the minister, "is a question of right. Suppose, for one moment, that your own Indians were to revolt against your legitimate authority. Suppose that you put down their revolt and suppose that in some foreign country some foreigners were to calumniate publicly your civilization, your race and your religion. Not satisfied with that, suppose that these foreigners, on the strength of such false accusations, were to raise money and bring it for distribution, through their own channels, however respectable the latter may be, to the very people that revolted against your government. Would that money, raised on hatred and denunciation, would even a moral aid from foreigners, be welcomed to this great country of yours, however welcome it might be, for obvious reasons, to your Indians? As you see, this whole question is a very clear one. But, I wish you at the same time to understand that, even today, notwithstanding the contrary assurances of interested parties, the Turkish government has no authority whatever against the Armenians and only wishes to see them prosper under its legitimate and rightful authority."

A New York special says: The national Armenian relief committee, 59 Wall street, has issued a statement asking for contributions, saying the aid, as heretofore, will be distributed through foreign consuls.

A London special says Sir Philip Currie, the British ambassador to Constantinople, has reported to the Marquis of Salisbury that 13 local committees to distribute relief in Armenia have been established under consular officers and American missionaries.

FORAKER IS ELECTED.

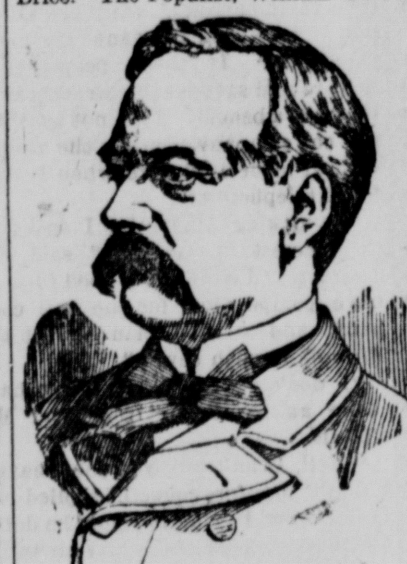

Brice's Successor Chosen by the Ohio Legislature

ON JOINT BALLOT TAKEN TODAY.

The Senator-Elect Makes a Formal Speech of Acceptance—All the Republicans Voted For Foraker—Rest of the Vote Somewhat Scattered.

COLUMBUS, Jan. 15.—J. B. Foraker was elected United States senator from Ohio, to succeed Senator Brice, by joint ballot of both houses of the legislature today. He received the full Republican vote. He made a formal speech of acceptance, which was received with great enthusiasm.

Foraker's term begins March 4, 1897. In the previous voting in the senate Foraker received 29 votes, Brice 6 and George A. Groat, Populist, of Cleveland, 1. The senate has 30 republicans, and on account of sickness in his family. The six Democrats voted for Mr. Brice. The Populist, William F. Con-

ley of Mercer, voted for Mr. Groat, and is the only Populist ever elected to the Ohio legislature. Governor Bushnell and ex-Governor McKinley were present. Foraker's name was presented by Senator John J. Sullivan and seconded by Senator Adolph Ruemer of Cincinnati. Senator Hysell presented Mr. Brice's name.

In the house the vote stood: Foraker, 87; Brice, 21; John H. Thomas, Springfield, 1; Mr. Cagle, 1; Judge Blandin of Cleveland, 1; Lawrence T. Neal, Chillicothe, 1, all of whom except Foraker are Democrats. Foraker received the full Republican vote.

Speaker Sleeper, in the house, having vacated the chair, said, in presenting Foraker's name, he would name a Republican from Ohio to succeed Mr. Brice. Said he: "Sherman, since the war, has had a Democratic colleague, but we propose to break the record with a record-breaker. (Applause.) We had no caucus; did not need any; Foraker's face and voice is familiar in every county of Ohio. He has run for governor four times, and though defeated twice, he appears today in the phenomenal position of being the people's choice without a caucus."

Senator Hysell, in presenting the name of Mr. Brice, after extolling the senator, said: "Brice was not here asking the compliment of this vote, but was the Democratic senator from Ohio and was never silent when the voice of his party was heard, but responded to the call."

The following bills were introduced in the house:

Mr. Kilbourne, prohibiting the sale of silverware marked "sterling," "sterling silver," "coin" or "coin silver" unless the same is .925 pure silver.

EAST LIVERPOOL, O., WEDNESDAY, JAN. 14.

For President,

WILLIAM MCKINLEY,

Of Ohio.

PUSH that plan to have an East Liverpool delegation at St. Louis. Let William McKinley know that his friends are with him.

REPORTS from Washington this week prompt the belief that President Cleveland is dozing in the White House, senators are lounging at home, and congressmen are looking over the city.

THERE is no fear that any great degree of bitterness will find its way into the local campaign. All the candidates are honorable men with honorable intentions, and there is no excuse for dirty politics.

THE move for penny postage is well started again, and we can not but hope that it will succeed. There is more than enough room for reform in the abuses of second class mail matter to make cheap letter postage a success if the proper restrictions are placed where they belong.

BUSHNELL ON MCKINLEY.

The Cleveland Leader is one of Governor McKinley's best friends, and finds in the following, taken from the inaugural address of General Bushnell, good things:

"Ohio has been honored by him, even as he has been honored by Ohio. May his destiny lead him to the pathway where he can give for the whole American people the same excellent service he has bestowed upon his fellow citizens of Ohio. May he enjoy the full reward of his labors and of his life, and may all his days be those of prosperity and peace. I thank him for his courtesy and kindness to me, for his good wishes for my successful work in your behalf, and for the honorable record he has given for my emulation."

The Leader points that these words, from a man who was declared to be Governor McKinley's enemy, mean there is nothing in the story, and the Leader is right.

ANOTHER CHILD ILL.

The Craig Family Have Another Case of Diphtheria.

The afflicted family of Patrick Craig in West-End have another affliction to suffer. This time it is another case of diphtheria, it having developed yesterday. The second death has occurred within a week, but the child last seized is not very ill, and hopes are entertained for its recovery.

The Black Crook.

The Black Crook at the Grand tomorrow evening will be one of the events of the season. It is superb and elegant, and presents a beautiful sight. The allegorical ballets are all gorgeous, and those with an illustrative significance are most entertaining. The European specialties are novel, and in point of true excellence outranks anything ever seen in the city. The whole company will be here in all its regal splendor, and deserves a big audience.

Carlton Cornwell, foreman of the Gazette, Middletown, N. J., believes that Chamberlain's Cough remedy should be in every home. He used it for a cold and it effected a speedy cure. He says: "It is indeed a grand remedy. I can recommend to all. I have also seen it used for whooping cough, with the best results." Twenty-five and 50 cent bottles for sale by A. H. Bulger, druggist.

Many stubborn and aggravating cases of rheumatism that were believed to be incurable and accepted as life legacies, have yielded to Chamberlain's Pain Balm, much to the surprise and gratification of the sufferers. One application will relieve the pain and suffering and its continued use insures an effectual cure. For sale by A. H. Bulger, druggist.

JOSEPH BROS.

CLARA BARTON'S ACTS

Displeasing, So the Turkish Minister Says.

SCORED THE TURKS IN PUBLIC.

Then the Offer of Aid to the Armenians, Who Are in Rebellion Against the Turkish Government, Is Wrong—Other Arguments Advanced.

WASHINGTON, Jan. 15.—The Turkish minister said, when asked about the following statement: "The Red Cross society has decided not to pay any attention to the communication until it is officially transmitted to it by the Turkish government or the Turkish minister."

"The Red Cross society has never communicated with this legation. It has only communicated, to my knowledge, with the press and the public, its president, Miss Clara Barton, assisting, without protest, at public meetings, where the most gross and unjust abuse was made of the Turkish government, religion and race. As the Red Cross, or any of its representatives, never visited this legation, it is clear and logical that this legation has nothing to communicate to said society. This legation sent its communication to the press, because it is the public that the Red Cross took in its confidence. But, naturally, I will always be ready and pleased to give to the Red Cross society any explanation it may think it proper to ask for."

"This whole question," added the minister, "is a question of right. Suppose, for one moment, that your own Indians were to revolt against your legitimate authority. Suppose that you put down their revolt and suppose that in some foreign country some foreigners were to calumniate publicly your civilization, your race and your religion. Not satisfied with that, suppose that these foreigners, on the strength of such false accusations, were to raise money and bring it for distribution, through their own channels, however respectable the latter may be, to the very people that revolted against your government. Would that money, raised on hatred and denunciation, would even a moral aid from foreigners, be welcomed to this great country of yours, however well come it might be, for obvious reasons, to your Indians? As you see, this whole question is a very clear one. But, I wish you at the same time to understand that, even today, notwithstanding the contrary assurances of interested parties, the Turkish government has no authority whatever against the Armenians and only wishes to see them prosper under its legitimate and rightful authority."

A New York special says: The national Armenian relief committee, 59 Wall street, has issued a statement asking for contributions, saying the aid, as heretofore, will be distributed through foreign consuls.

A London special says Sir Philip Currie, the British ambassador to Constantinople, has reported to the Marquis of Salisbury that 13 local committees to distribute relief in Armenia have been established under consular officers and American missionaries.

Brazil Will Get 100,000 Foreigners. RIO DE JANEIRO, Jan. 15.—The Brazilian government has concluded a contract for the immigration of 100,000 foreigners, Italians being excluded.

A Fur Robbery in Pittsburgh. PITTSBURGH, Jan. 15.—Thieves have broken into the hat and fur store of McCord & Co., 500 Wood street, and stole goods valued at \$4,000.

FAVOR LIBERAL PENSIONS.

Cummings and a Southern Member Make Strong Speeches in the House.

WASHINGTON, Jan. 15.—The house spent its session in further debate upon the pension appropriation bill. The speakers, with a single exception, were all Republicans, and all favored a liberal administration of the pension laws and the adoption of the changes to existing laws proposed by the bill. Among the speakers was General John A. Walker, who served with distinction in the Confederate army from Manassas to Appomattox. He is the only Republican representative from Virginia. His assurance of the good feeling that existed in the south toward the Union soldier and the lack of hostility toward the pension system was warmly received on both sides of the house.

Mr. Cummings, (Dem., N. Y.), created a mild sensation by a severe arraignment of the pension office for hostility to the old soldier and a stirring repudiation of the speech made the day before by Mr. Bartlett, who is also one of the Tammany congressmen from New York.

It seems probable now that the general debate on the pension bill will continue for several days.

A CANAL MESSAGE SOON.

One Expected From the President Accompanying the Commission's Report.

WASHINGTON, Jan. 15.—The Nicaragua canal scheme received some little attention from the house committee on interstate and foreign commerce when Chairman Hepburn designated a subcommittee of seven to have special charge of all proposed legislation for building the canal.

Speaker Reed is known to favor the canal plan, and the committee counts upon the favor of the committee on rules to give the bill a hearing on the floor. The canal advocates are anxious to have President Cleveland forward to congress at an early day the report made to him by the commission which looked over the ground last summer. The president has been too busy to consider the matter. It is intimated, however, that a special message giving President Cleveland's views upon the canal and transmitting the report will be sent to congress within a month.

Potters' Association Officials. WASHINGTON, Jan. 15.—The National Potters' convention has elected the following officers: President, Charles W. Franzheim, Wheeling; secretary, Alfred Day, Steubenville; treasurer, James H. Goodwin, East Liverpool; executive committee, John Moses, Trenton, N. J.; John N. Taylor, East Liverpool; Joseph Mayer, Beaver Falls; Homer Laughlin, East Liverpool; James H. Goodwin, East Liverpool; Henry Brunt, Baltimore; William Burgen, Trenton, N. J.

A Rare Coin. A coin of great rarity, which is worth several thousand times its face value, is in the possession of Harry O'Grady, a conductor in the employ of the Reading railroad. It is a copper penny of 1783, which bears upon its obverse side a bust of Washington and the inscription, "Washington and Independence." The coin was given to Mr. O'Grady by his father, who prized it very highly, having on one occasion refused \$250 for it. Several years ago a similar coin was given by George Stimpson of New York to President Harrison upon the occasion of the latter's visit to New York city during the celebration of the centennial of Washington's inauguration. Mr. Stimpson presented another of the coins, for which he had paid \$130, to the Bartholdi statue fund, "to be placed under the statue of Liberty in New York harbor."—Philadelphia Record.

Robin Redbreast. The country people of England, as well as of several other countries, have an idea that the red of the robin's breast was caused by a drop of blood which fell upon it at the crucifixion. According to the story, the robin, commiserating the condition of Christ, tried to pluck the crown of thorns from his brow, and, in doing so, got its breast wet with the blood flowing from the wounds. The color became permanent, being transmitted from generation to generation, and thus, according to the legend, the robin is a perpetual reminder of the sufferings of Christ.

According to Professor Aristide Marre, a distinguished French linguist, the name of the Madagascar capital, Antananarivo, means "city of the thousand villages." It is composed of the Malagasy words "an" (the), "tanana" (village), "rivo" (thousand).

FORAKER IS ELECTED.

Brice's Successor Chosen by the Ohio Legislature

ON JOINT BALLOT TAKEN TODAY.

The Senator-Elect Makes a Formal Speech of Acceptance—All the Republicans Voted For Foraker—Rest of the Vote Somewhat Scattered.

COLUMBUS, Jan. 15.—J. B. Foraker was elected United States senator from Ohio, to succeed Senator Brice, by joint ballot of both houses of the legislature today. He received the full Republican vote. He made a formal speech of acceptance, which was received with great enthusiasm.

Foraker's term begins March 4, 1897. In the previous voting in the senate Foraker received 29 votes, Brice 6 and George A. Groat, Populist, of Cleveland, 1. The senate has 30 republicans, one of whom, Senator Porter, was absent on account of sickness in his family. The six Democrats voted for Mr. Brice. The Populist, William F. Con-

SEN. J. B. FORAKER.

ley of Mercer, voted for Mr. Groat, and is the only Populist ever elected to the Ohio legislature. Governor Bushnell and ex-Governor McKinley were present. Foraker's name was presented by Senator John J. Sullivan and seconded by Senator Adolph Ruemer of Cincinnati. Senator Hysell presented Mr. Brice's name.

In the house the vote stood: Foraker, 87; Brice, 21; John H. Thomas, Springfield, 1; Mr. Cage, 1; Judge Blandin of Cleveland, 1; Lawrence T. Neal, Cincinnati, 1; all of whom except Foraker are Democrats. Foraker received the full Republican vote.

Speaker Sleeper, in the house, having vacated the chair, said, in presenting Foraker's name, he would name a Republican from Ohio to succeed Mr. Brice. Said he: "Sherman, since the war, has had a Democratic colleague, but we propose to break the record with a record-breaker. (Applause.) We had no caucus, did not need any; Foraker's face and voice is familiar in every county of Ohio. He has run for governor four times, and, though defeated twice, he appears today in the phenomenal position of being the people's choice without a caucus."

Senator Hysell, in presenting the name of Mr. Brice, after extolling the senator, said: "Brice was not here asking the compliment of this vote, but was the Democratic senator from Ohio and was never silent when the voice of his party was heard, but responded to the call."

The following bills were introduced in the house: Mr. Kilbourne, prohibiting the sale of silverware marked "sterling," "sterling silver," "coin" or "coin silver" unless the same is .925 pure silver. Mr. Rice, amending the Boxwell law so as to make it mandatory for the board of education to pay the tuition of graduates who attend other schools. Mr. Rice, requiring judgements of federal courts to be docketed in courts of common pleas.

Mr. Lutz, amending sections 5190 and 6305 so as to prevent courts from taking damage cases from the jury and requiring the jury to pass on the question of contributory negligence.

Mr. Hutchinson, to regulate the practice of medicine. Mr. Flumerfelt, to prohibit the location of brothels within 1,000 feet of a schoolhouse, church, university, college or academy.

Mr. Moore, changing the oleomargarine law so as to omit the word "knowingly."

Mr. Swingle, requiring a team of horses or cattle to be attached to traction engines while moving on the highways.

ENGLAND'S BIG FLEET.

A Belief That It Will Be Sent on a Tour of the World.

PORTSMOUTH, England, Jan. 15.—A fleet of warships has gone into commission here under orders to be ready to leave the harbor as soon as possible and will await the arrival of the other flying squadron coming from Chatham and Devonport.

It is understood that Admiral Daley is under orders to take the flying squadron on Saturday from Spithead to Here Haven, on the South coast of Ireland, with sealed orders relative to the future movements of his vessels.

The officers and men have all prepared for a long absence from England and in some quarters it is believed that a tour of the world is contemplated.

Anything to Bar the Negro.

COLUMBIA, S. C., Jan. 15.—South Carolina's general assembly is in session. SPAIN'S REVENUE CUT 80 PER CENT

Insurgents Levy Tribute Right and Left, Under the Very Noses of the Spanish Commanders—Have a Government Established—In Good Shape.

HAVANA, Jan. 15.—The insurrection is increasing in importance every day. Practically the whole interior of the island, from east to west, with the exception of the large towns, is in possession of the insurgents, who have burned everything combustible and have levied tribute right and left, under the very noses of the Spanish commanders, and cutting down the revenue of the Spanish government from Cuban resources about 80 per cent, according to the insurgents' estimates. Under these conditions it is not astonishing that some change in the command of the Spanish forces is expected daily. Even the most intimate friends of General Campos do not claim that he has been half successful in his operations.

The insurgents are not acting hastily in any way. They have plenty of time before them, and intend to make the most of it. They have a central government established at Hermosa in the province of Puerto Principe, their forces are organized in excellent military style; they have regular army workshops, hospitals, in addition to the field hospitals; depots of provisions, ammunition, etc. Their cavalry is vastly superior, both in number and quality, to that of the Spaniards.

The weak point of the Cuban army is its artillery. They have only a few guns of the old-fashioned type and a few modern rapid-fire guns, but they hope shortly to be able to make a very much better showing in artillery, as they expect supplies of rapid-fire guns. Indeed, friends of the insurgents here assert that quite a number of rapid-fire guns recently came into the possession of General Gomez, and that they were landed not very far from Havana at that.

BOND SILVER BILL DEBATED.

Pension Discriminations Also Considered in the Senate.

WASHINGTON, Jan. 15.—The bond silver bill was further considered in the senate, but without appreciable approach to a conclusion of the debate. Mr. Butler of North Carolina spoke for two hours in opposition to bond issues and in favor of silver legislation. The early hours of the session brought out an extended controversy over pension discriminations. Mr. Lodge sought to pass the bill granting a pension to the widow of General Cogswell, but Mr. Allen led a vigorous opposition, claiming that the widows of generals were being unduly preferred over the widows of the plain soldiers. The bill was finally passed.

Mr. Mills offered a resolution declaratory of the policy of the government against issuing bonds, favoring the speedy extinction of the national debt and for the coinage of the silver bullion in the treasury.

NEXT DEMOCRATIC CONVENTION.

New York and St. Louis Both Lead Cincinnati and Chicago.

BOTH SIDES BADLY SPLIT.

Election of a United States Senator in Maryland Will Be Prolonged.

ANNAPOLIS, Md., Jan. 15.—The result of the first day's balloting for a successor to Charles M. Wellington led the Republicans in the number of votes received, having got 23 in the house and three in the senate, but he lacks 18 votes of election, and the indications now are that he is out of the race. Charles T. Westcott was his closest competitor, with 16 votes in the house and two in the senate.

The Democrats were unable to hit on anyone, those who oppose Senator Gorman refusing to vote for John Waller-Smith, the caucus nominee, and casting their ballots for David M. Henry.

REBELS GAIN DAILY.

Nearly All of Cuba In Their Possession.

SPAIN'S REVENUE CUT 80 PER CENT

Insurgents Levy Tribute Right and Left, Under the Very Noses of the Spanish Commanders—Have a Government Established—In Good Shape.

HAVANA, Jan. 15.—The insurrection is increasing in importance every day. Practically the whole interior of the island, from east to west, with the exception of the large towns, is in possession of the insurgents, who have burned everything combustible and have levied tribute right and left, under the very noses of the Spanish commanders, and cutting down the revenue of the Spanish government from Cuban resources about 80 per cent, according to the insurgents' estimates. Under these conditions it is not astonishing that some change in the command of the Spanish forces is expected daily. Even the most intimate friends of General Campos do not claim that he has been half successful in his operations. The insurgents are not acting hastily in any way. They have plenty of time before them, and intend to make the most of it. They have a central government established at Hermosa in the province of Puerto Principe, their forces are organized in excellent military style, they have regular army workshops, hospitals in addition to the field hospitals, depots of provisions, ammunition, etc. Their cavalry is vastly superior, both in number and quality, to that of the Spaniards. The weak point of the Cuban army is its artillery. They have only a few guns of the old-fashioned type and a few modern rapid-fire guns, but they hope shortly to be able to make a very much better showing in artillery, as they expect supplies of rapid-fire guns. Indeed, friends of the insurgents here assert that quite a number of rapid-fire guns recently came into the possession of General Gomez, and they were landed not very far from Havana at that.

Save You Money.

We feel kind of lonesome since Christmas. We had gotten used to the scramble and hustle of the holiday times, and the after-quiet makes us feel as if we had been dumped in the middle of a prairie. Rent and a hundred other expenses go on just as before, and as we can't make money anyway, we might as well lose it with a crowd as in solitude. So here goes prices to make things hum at our store in the Diamond. Come in and look through our superb stock of Overcoats, pick out one to suit you, and deduct one-fourth off the price. For example, if a coat is marked \$16 take it along at \$12; or if marked at \$8 take it along at \$6. In our suit and pants department we will make you reductions that will open your eyes. Come at once as our stock must be reduced.

THE CHANGE IS MADE

New Pennsylvania Company Officials.

MR. L. F. LOREE'S BIG POSITION

He Becomes General Manager Instead of Mr. Wood, Who is Made Fourth Vice-President and W. H. Scriven Comes to the Superintendency of the C. & P.

The reported changes in the official family of the Pennsylvania railroad have been made, and Mr. W. H. Scriven is the new superintendent of the Cleveland and Pittsburgh.

There was a change all along the line and some good men were given the promotion they deserve. Mr. Loree goes from the superintendency to the general management, so long well filled by Joseph Wood, and W. H. Scriven will be the superintendent of the Cleveland & Pittsburgh. Lennor Fresnel Loree has been superintendent of the Cleveland and Pittsburgh road since 1889. He was born at Fulton City, Ill., April 23, 1858, and received his education at Rutgers college. His first railroad employment was as assistant to the engineering corps of the Pennsylvania railroad in 1877, since which time he has been transit man engineer corps United States army, member survey corps locating Mexico National railway; 1883 to 1884, assistant engineer Chicago division Panhandle; '84-'86, engineer maintenance of way Indiana and Vincennes division; '86-'88, engineer maintenance of way Chicago division; '88-'89, same position Cleveland and Pittsburgh division.

Mr. Scriven, who will at once assume the duties of his position, has, like Mr. Loree, been trained in the maintenance of way department of the company, and is looked upon as a good man. He has power to make a number of changes on the line, and railroad men at Wellsville are wondering who will get the snaps that are to be distributed.

SOCIETY WAS THERE.

The Reception at Brunt's Opera House a Pronounced Success.

It is well nigh impossible to imagine a more pleasant dancing party than that given last evening at Brunt's Opera House by the owners and Mr. Harry Smith, the new manager. The large room was tastefully decorated with the national colors, and the front of the stage was draped with a handsome flag. The great dancing space shone with all the brightness of innumerable coats of wax, and the electric light falling upon the many colored costumes of the ladies presented an ideal scene. The first part of the evening was given over to a concert by Professor Wolfe's orchestra, the music rendered being the very best the famous organization can produce. Then came the dancing and until 1 o'clock several hundred people, old and young, tripped gaily over the floor, and enjoyed every minute of the time. There were more new and pretty gowns in the assemblage than have been seen in a Liverpool gathering for many a day, some of them being elaborate and beautiful. The arrangements were perfect, and not one of the 300 guests was there to say that Manager Smith had neglected anything that would add pleasure to the guests. The hall is everything that could be asked, and there is no finer room for the purpose in this part of the state. It will be occupied on Thursday evening by the Phoenix club, next week by the Lotus club, and a Leap Yeat German and the Young Men's Catholic association will give a tea in costume on Washington's birthday.

WILL REBUILD.

John Rinehart Will Soon Have Another Stable.

John Rinehart, whose stable was destroyed by fire a week ago, has decided to rebuild, and when spring comes will have a structure equally as good as the old one. A force will be put at work tomorrow cleaning up the ruins, and workmen will start on the new building as soon as the plans are completed. The building will be of brick, and cover about the same ground as the other, but will be more conveniently arranged.

AT WORK.

Contractor Shrader Was in Town Today.

Mr. Shrader, who has the contract for the bridge, was in town today looking over the ground and arranging with the engineer for the place where work will first be started. A conference was also held with J. E. McDonald, and the plans carefully looked over. The contractor is watching the weather closely, and hopes to begin delivering material and tools on the ground before the end of the month.

After Some Money.

J. M. Shull has brought suit against Ella E. Hassey and G. H. Garner for \$36.48. The case will be heard in the court of Squire Rose on Saturday next.

TALKED OF TELEPHONE.

CONTINUED FROM FIRST PAGE.

"My plan would be," remarked Mr. Sewart, "to keep a man on all the time," and Mr. Marshall thought it would be dangerous to drop the line. Kent agreed with Stewart, thinking it better to increase the salary \$25, instead of making a reduction. Mr. Owen thought he was the cheapest man in the city's employ, but Mr. Purinton stated that even though the city had been paying for increased fire facilities, the insurance had gone up. It was then decided that fire committee see the linemen and see what he will take per month to act as fireman and lineman. Then council adjourned.

PERSONAL MENTION.

—Thomas Forster went to Pittsburgh this afternoon.

—Mr. Shotts, of Canton, is visiting friends in the city.

—Jonathan Hasson, of West Point, is visiting friends in the city.

—J. Bently Pope and wife are spending the day in Pittsburgh.

—Ambrose Massey and wife are visiting friends in Pittsburgh today.

—John A. Friend has returned to his home in Robertsville after a visit with friends in this city.

—Miss Mallory returned to her home in Clarington this morning after a visit with friends here.

—Mrs. George Y. Travis went to Toronto this morning to spend a week with her parents, who resides here.

Young Puppies.

They call themselves "young gentlemen," but the head of this article suits them to a nicety. They stood at the corner of Market and Fifth yesterday afternoon and hurled insulting epithets after Detective Huckle, after the detective was a safe distance away from them. A law-abiding citizen, a witness to the yelping of the young curs, went after them in order to get their names and take them before Mayor Gilbert, but the cowardly loafers sped swiftly away and hid in the upper hallways of one of the business blocks. They are marked and will be punished.

He May Be a Judge.

Among the candidates in the city today is J. C. Boone, of Salem, who seeks to succeed Judge Young at the court house. Mr. Boone made the race before, and the vote given him was such as to warrant the belief that he will stand close to the head of the list when the ballots are counted in March. Mr. Boone is a pleasant gentleman and is well known in this city.

Mayor Gilbert's Canvass.

Mayor Gilbert today began his canvass for a renomination, and promises that he is in the field to stay. His political experience in the past will stand him in good stead, and the well known staying qualities of the mayor are such as to give him an exceptionally good start. He has a number of good friends who are already working in his behalf.

James N. Hanley's

Card appears in today's issue, as a candidate for the position of township clerk. Mr. Hanley needs no commendation at the hands of the News Review, as his past work speaks volumes in his favor. He proposes making a clean and gentlemanly canvass, granting a fair field to all competitors for the position he occupies.

A Country Party.

The residence of George Loones, near Park, was last evening the scene of a merry gathering. A number of people from this city were in attendance.

At the home of George Hickman, near Whitacre's mill there was a pleasant party on Monday night. This city was represented.

There is good reason for the popularity of Chamberlain's Cough remedy. Davis & Buzard, of West Monterey, Clarion company, Pa., says: "It has cured people that our physicians could do nothing for. We persuaded them to try a bottle of Chamberlain's Cough remedy and they now recommend it with the rest of us." Twenty-five and 50 cent bottles for sale by A. H. Bulger, druggist.

A Big Membership.

The stationary engineers met last night and initiated one candidate. A number of applications have been received and when all are taken in the entire membership will be 43.

GEN. LYON POST, G. A. R.
The comrades will meet tonight, Jan. 15, at 7:30, to make arrangements for the funeral of Comrade James Mear. A full attendance is urged.

A Few Started.

A number of clay hams of Knowles' china works resumed work this morning, but it is not known when the full force of employees will start.

Among the Sick.

John Parinton, of Fourth street, is indisposed with an attack of the grip.

A CONVENT PRISON.

The Consideration With Which Women Prisoners Are Treated in Austria.

In Austria a woman, no matter what she may do, is never regarded or treated quite as a criminal. She may rob, burn, kill—set every law at defiance, in fact, and break all the commandments in turn—without a fear of ever being called upon to face a gallows. She is not even sent to an ordinary prison to do penance for her sins. The hardest fate that can befall her indeed is to be compelled to take up her abode for a time in a convent. There the treatment meted out to her is not so much justice seasoned with mercy as mercy seasoned, and none too well, with justice. Even in official reports she is an "erring sister"—one who has, it is true, strayed from the narrow path, but quite involuntarily.

The convent to which Vienna sends its erring sisters is at Neudorf, only a few miles away from the city. There any woman who is convicted of either crime or misdemeanor is at once transported. The judge before whom she is tried decides of course how long she shall remain. He may, too, if he deems it right, give orders that while there she shall pass a day in solitary confinement from time to time and on these occasions be less plentifully supplied with food than usual.

In the great majority of cases, however, no instructions of this kind are given. The women are simply handed over to the keeping of the superior of the convent, to be dealt with as she thinks best. She houses them, feeds them, clothes them and provides them with instruction and occupation, and the government gives her for what she does 35 kreutzers a day for each prisoner under her care.

So long as these women are in the convent the full responsibility for their safe keeping and general well being rests on the superior, and in return she is allowed practically a free hand in her management of them. There are, it is true, certain regulations in force with regard to the amount of work they may be required to do and the punishments that may be inflicted on them, but these are not of a nature to interfere seriously with her freedom of action. She is, in fact, virtually an autocrat within her own domain, and there are not half a dozen women in Europe today who have so much power for the weal or woe of their fellows as she has. —Cornhill Magazine.

Eighteen Hundred Years After Death.

When the pick used by the excavator at Pompeii gives forth a hollow sound when striking the great bed of lava, care is immediately taken to open the cavity that is known to be near. Into this cavity liquid plaster of paris is poured. The cavity serves as a mold, and the plaster soon hardens. When the lava has been removed, the statue obtained usually proves to be that of a woman or man in the agonizing convulsions of death, the limbs contorted and the features drawn out of shape just as they were when the person was overtaken by the flood of red-hot lava 1,800 years ago. —St. Louis Republic.

Boston's Worship of the Bean.

If baked beans were sold at \$1 a plate, terrapin wouldn't be in it, pate de foie gras would be given the go by and caviare would be turned from with loathing. There is no fruit that can compare with the seductive bean, and Boston's glory will abide no other treatment than baking. —Boston Transcript.

It will be occupied on Thursday evening by the Phoenix club, next week by the Lotus club, and a Leap Yeat German and the Young Men's Catholic association will give a tea in costume on Washington's birthday.

WILL REBUILD.

John Rinehart Will Soon Have Another Stable.

John Rinehart, whose stable was destroyed by fire a week ago, has decided to rebuild, and when spring comes will have a structure equally as good as the old one. A force will be put at work tomorrow cleaning up the ruins, and workmen will start on the new building as soon as the plans are completed. The building will be of brick, and cover about the same ground as the other, but will be more conveniently arranged.

AT WORK.

Contractor Shrader Was in Town Today.

Mr. Shrader, who has the contract for the bridge, was in town today looking over the ground and arranging with the engineer for the place where work will first be started. A conference was also held with J. E. McDonald, and the plans carefully looked over. The contractor is watching the weather closely, and hopes to begin delivering material and tools on the ground before the end of the month.

After Some Money.

J. M. Shull has brought suit against Ella E. Hassey and G. H. Garner for \$36 48. The case will be heard in the court of Squire Rose on Saturday next.

TALKED OF TELEPHONE.

CONTINUED FROM FIRST PAGE.

"My plan would be," remarked Mr. Stewart, "to keep a man on all the time," and Mr. Marshall thought it would be dangerous to drop the line-man. Kent agreed with Stewart, thinking it better to increase the salary \$25, instead of making a reduction. Mr. Owen thought he was the cheapest man in the city's employ, but Mr. Purinton stated that even though the city had been paying for increased fire facilities, the insurance had gone up. It was then decided that the fire committee see the line-man and see what he will take per month to act as fireman and line-man. Then council adjourned.

Young Puppies.

They call themselves "young gentlemen," but the head of this article suits them to a nicety. They stood at the corner of Market and Fifth yesterday afternoon and hurled insulting epithets after Detective Huckle, after the detective was a safe distance away from them. A law-abiding citizen, a witness to the yelping of the young curs, went after them in order to get their names and take them before Mayor Gilbert, but the cowardly loafers sped swiftly away and hid in the upper hallways of one of the business blocks. They are marked and will be punished.

He May be a Judge.

Among the candidates in the city today is J. C. Boone, of Salem, who seeks to succeed Judge Young at the court house. Mr. Boone made the race before, and the vote given him was such as to warrant the belief that he will stand close to the head of the list when the ballots are counted in March. Mr. Boone is a pleasant gentleman and is well known in this city.

Mayor Gilbert's Canvass.

Mayor Gilbert today began his canvass for a renomination, and promises that he is in the field to stay. His political experience in the past will stand him in good stead, and the well known staying qualities of the mayor are such as to give him an exceptionally good start. He has a number of good friends who are already working in his behalf.

James N. Hanley's

Card appears in today's issue, as a candidate for the position of township clerk. Mr. Hanley needs no commendation at the hands of the News Review, as his past work speaks volumes in his favor. He proposes making a clean and gentlemanly canvass, granting a fair field to all competitors for the position he occupies.

A Country Party.

The residence of George Loones, near Park, was last evening the scene of a merry gathering. A number of people from this city were in attendance.

At the home of George Hickman, near Whitacre's mill there was a pleasant party on Monday night. This city was represented.

There is good reason for the popularity of Chamberlain's Cough remedy. Davis & Buzard, of West Monterey, Clarion company, Pa., says: "It has cured people that our physicians could do nothing for. We persuaded them to try a bottle of Chamberlain's Cough remedy and they now recommend it with the rest of us." Twenty-five and 50 cent bottles for sale by A. H. Bulger, druggist.

A Big Membership.

The stationary engineers met last night and initiated one candidate. A number of applications have been received and when all are taken in the entire membership will be 43.

John Purinton, of Fourth street, is indisposed with an attack of the grip.

A CONVENT PRISON.

The Consideration With Which Women Prisoners Are Treated in Austria.

In Austria a woman, no matter what she may do, is never regarded or treated quite as a criminal. She may rob, burn, kill—set every law at defiance, in fact, and break all the commandments in turn—without a fear of ever being called upon to face a gallows. She is not even sent to an ordinary prison to do penance for her sins. The hardest fate that can befall her indeed is to be compelled to take up her abode for a time in a convent. There the treatment meted out to her is not so much justice seasoned with mercy as mercy seasoned, and none too well, with justice. Even in official reports she is an "erring sister"—one who has, it is true, strayed from the narrow path, but quite involuntarily.

The convent to which Vienna sends its erring sisters is at Neudorf, only a few miles away from the city. There any woman who is convicted of either crime or misdemeanor is at once transported. The judge before whom she is tried decides of course how long she shall remain. He may, too, if he deems it right, give orders that while there she shall pass a day in solitary confinement from time to time and on these occasions be less plentifully supplied with food than usual.

In the great majority of cases, however, no instructions of this kind are given. The women are simply handed over to the keeping of the superior of the convent, to be dealt with as she thinks best. She houses them, feeds them, clothes them and provides them with instruction and occupation, and the government gives her for what she does 35 kreutzers a day for each prisoner under her care.

So long as these women are in the convent the full responsibility for their safe keeping and general well being rests on the superior, and in return she is allowed practically a free hand in her management of them. There, are, it is true, certain regulations in force with regard to the amount of work they may be required to do and the punishments that may be inflicted on them, but these are not of a nature to interfere seriously with her freedom of action. She is, in fact, virtually an autocrat within her own domain, and there are not half a dozen women in Europe today who have so much power for the weal or woe of their fellows as she has.—Cornhill Magazine.

Eighteen Hundred Years After Death.

When the pick used by the excavator at Pompeii gives forth a hollow sound when striking the great bed of lava, care is immediately taken to open the cavity that is known to be near. Into this cavity liquid plaster of paris is poured. The cavity serves as a mold, and the plaster soon hardens. When the lava has been removed, the statue obtained usually proves to be that of a woman or man in the agonizing convulsions of death, the limbs contorted and the features drawn out of shape just as they were when the person was overtaken by the flood of red-hot lava 1,800 years ago.—St. Louis Republic.

Boston's Worship of the Bean.

If baked beans were sold at \$1 a plate, terrapin wouldn't be in it, pate de fois gras would be given the go by and caviare would be turned from with loathing. There is no fruit that can compare with the seductive bean, and Boston's glory will abide no other treatment than baking.—Boston Transcript.
